

Winnipeg Ringette League

FOR IMMEDIATE RELEASE – News Bulletin # 1

COVID-19 UPDATE

October 23, 2020

WRL Return to Play

On behalf of Council and in consultation with Ringette Manitoba and following the directives of Ringette Canada and Manitoba Shared Health, the Winnipeg Ringette League is looking to begin an abbreviated version of league play in December, with playoffs to follow in February & March. We are looking at March 13 & 14 for the City Gold Medal Finals.

We ask for your patience and understanding as we develop the Covid-19 playbook. We acknowledge that some players, coaches & officials do not feel safe and will not return to play during this season. We understand and respect everybody's choices, as we navigate these uncharted waters.

We will endeavor to keep our members updated as soon as we are able on the league's website and social media pages as we move forward.

The local associations have been working really hard to put the biggest piece of the puzzle together, the players themselves. Council would like to thank the local associations for all the effort behind the scenes. As such, any registration questions should be directed to your local association.

Stay Safe,

WRL Council
